Climbing for schools

Description

Climbing as a game, discovery and education.

How many children get to experience outdoor climbing in complete security conditions?

Guide Alpine Torino collaborates since many years with middle and high schools that chose climbing as an educational moment outside school perimeter.

This is an experience where children can discover the natural environment that surrounds their cities through climbing experienced as a game.

Climbing puts together:

Nature

Trust in the school mates

Body awareness

Going beyond fear

We organize, depending on your school's demand:

half days

whole days

hours of climbing

Together with climbing it's possible to organize short naturalistic hiking for the kids and adventure parks visits, wherever possible.

Guide Alpine Torino makes available homologated materials like ropes, climbing harnesses, helmets and climbing shoes and a number of Alpine Guides, proportionated to the number of children that are present.

School organization needs to handle the transportation to the climbing departure point.

Dress code

Please dress accordingly for sport outdoor activity and season's weather and temperature.

Snack & Drink

Snacks, lunch on the go and a liter of water is required to nibble during the day.

Responsability

Alpine Guides will be responsible exclusively of the students during the climbing experience.

Kids that are not participating to the activity are to be handled and held responsible by the accompanying teachers.

Climbing for schools

Climbing is a sport for everyone.

It's an outdoor activity that allow kids to discover a new world in touch with nature and in absolute security conditions.
