Snowshoes hiking on the Monte Bianco

Description

Monte Bianco is the kingdom of high mountain.

A world made of glaciers, rock towers and pure air not just for alpinists but for anyone loving outdoor adventure.

A snowshoe hike on the glaciers of Monte Bianco is a unique and inimitable experience, an adventure suitable to all the snowshoe explorers that desire to discover the world of heights in total security.

We start off from Punta Helbronner, arrival station of the new Sky Way cableway, 3466 mts

high.

Once tied in a roped party, adventure will start. Going beyond mild rises and falls we'll enter the glacier, hiking under famous peaks such as Tour Ronde or Gran Capucin, admiring the seracs of Mont Maudit and Brenva.

Many itineraries will lead us to Combe Maudit, Entreves Hill or Marbrée gifting a unique panoramic view upon underlying world and the mountain heights.

Hike takes around 5 hours and a difference in height of around 500 mts. All the alpinistic material is handled by us and included in the price. Snowshoes are available for rent.

Minimum number

Activity starts with a minimum number of 4 persons
