First approach to Canyoning

Description

The Chalamy canyon is- in our area- ideal for a first approach to canyoning.

Its course is diverse and without technical difficulties, so time and fun to learn the basics of this discipline are assured!

Water is not too cold and that will allow us to stay a little longer to play in the funniest places and live an experience you won't regret.

At the end of the day, as usual, a good snack and some time to plan out for the next exits.

***Minimum number**

Activity starts with a minimum number of 3 persons

First approach to Canyoning

Off to explore an unknown world, made of canyons steeped in an unexpectedly wild nature. We'll descend along the water in its course toward the valley, braving breath-taking slides and descending with the rope along waterfalls frolicking in crystal clear waterholes.
