Orco Valley Canyoning

Description

Valle Orco Canyoning perfectly fits in for whoever started a conversation with the world of canyoning and wants to know more this discipline and go for some more challenge. This brook is one of the best-known in our area thanks to the number of toboga and spectavular jumps in emerald water, not to mention the many descents that will challenge us technically. Soaked in water and in the wild nature of the Valley.
